

High Commission of India
Nairobi

.....

PUBLIC NOTICE

In view of the rising number of Covid cases, the High Commission has further raised the level of strict implementation of all Covid-19 safety protocols and guidelines as issued by the Kenyan authorities. As a result, even though it will remain our endeavour to provide all essential consular services, including visa, passport, OCI, etc; there may be a few occasions when it would not be feasible to keep to the usual timelines of delivery of services.

2. Full understanding and cooperation is solicited from all consular applicants under the prevailing difficult circumstances.
